He Cured My Feet

I had been a sufferer with my feet for about 12 years. Had had several doctors working on them with no success until I met Dr. E. D. Stringer, and within six months he has practically cured them.

I believe I had the worst pair of feet or at least one

I heartily recommend him to anyone suffering with

DR. E. D. STRINGER at

JEWELS of SOUND in CABINETS of EXQUISITE BEAUTY

You know of course that so far as the reproduction of music is concerned there is but one instrument which RE-CREATES it with proven fidelity. That instrument is

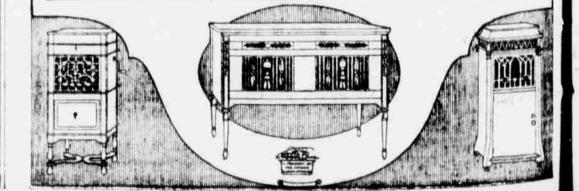

the only invention which has successfully met the tone test, the test of direct comparison with the living artist. To achieve this result cost \$3,000,000 in experimental work.

But do you realize that the superiority of the instrument is now reflected in the superiority of the case which contains it? With but two exceptions, each New Edison, no matter what its price, is now encased in a period

Built of thoroughly seasoned and selected genuine mahogany or selected quarter sawed white oak by craftsmen whose pride in their work is apparent in its perfection, these cabinets are masterpieces. We ask you to inspect the display of Heppelwhite, Sheraton, Chippendale, Jacobean, William & Mary and Eighteenth Century English cabinets now on view in our store. They are replicas of those exhibited this month at the Hotel Commodore, New York City.
